Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Hollywood Active Transportation Improvements project in Fiscal Year 2026. The entity to receive funding for this project is the City of Los Angeles located at 200 N Main Street Suite 1500, Los Angeles, CA 90012. The site of the project is 1630 Schrader Blvd, Los Angeles, California 90028. The funding would be used for repairing and replacing sidewalks and bikeways around an affordable housing community.

This project is an appropriate use of taxpayer funds because the bicycle and pedestrian enhancements will improve mobility and connectivity around an affordable housing unit. This project aid residents in connecting to nearby jobs, transit and other essential destinations, encouraging residents to walk, bike, or use public transportation. This project is a priority because it directly supports residents by improving safe access to essential services, public transit, and commercial areas. The enhancements will strengthen connections between affordable housing and the broader community, promote mobility equity, and improve public safety and accessibility.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2). I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Laura Friedman
Member of Congress
